## Objective

Eagertosecure a challenging position as a frontend developer where I can leverage my one year of hands-on experience. Proficient in utilizing HTML, CSS, and JS to create engaging and responsive user interfaces. Currently expanding my skill set by delving into Flutter development. Actively pursuing a diploma at Aptech to further enhance my knowledge and capabilities in the ever-evolving field of web development. Committed to contributing innovative solutions and staying at the forefront of technology trends.
